

### Lexicon Pharmaceuticals invites Patients to attend a Live National Webcast.

Carcinoid Syndrome Web Series are informative programs for Patients.

These 45-minute live Webcasts will include a presentation as well as a Q&A session where our presenter will address audience questions. You will have the opportunity to submit questions in advance of the program, to be considered for discussion.

The national broadcasts will be streamed live over the Internet and viewable from your personal computer, tablet or smartphone.
